OFFICINA BATTAGLIN

OFFICINA BATTAGLIN  
CELEBRATES THE 30TH  
ANNIVERSARY OF THE  
GREATEST TITLE  
IN PROFESSIONAL  
CYCLING  
WITH A HANDMADE  
STEEL FRAME NAMED  
AFTER THE MAN  
CAPABLE OF  
WINNING IT.

If you started out in cycling back in the 80s, probably you remember when Stephen Roche won the Giro d'Italia, the Tour de France and the World Championships in less than 6 months. In 1987, he rode a Battaglin steel bike to the victory in the three major competitions of the season. The "Triple Crown" thrilled an entire generation of cyclists.

With the “**Stephen Roche**” steel frame, we celebrate the physical and mental effort that inspired millions to get into cycling.

**Only 30 pieces will be available worldwide**, each of them built to order at the Battaglin workshop like 30 years ago for the “**Triple Crown**” bike.

To reserve your Stephen Roche frame visit the page: <http://officinabattaglin.com/roche> and fill out the form with your details.
